

OpsTechnology Registration Process

Registration for OpsTechnology is completed in 3 easy steps. Please see below on how to register and contact us with any questions.

For the Managed Catalog option – Click the “Buy Now” button displayed next to the fee structure.

The screenshot shows a web browser window displaying the registration process. On the left, there is a list of benefits:

- Receive electronic orders from and send electronic invoices directly to your customers online.
- Be marketed to hundreds of key purchasing personnel within the OpsTechnology Buyer Community.
- Strengthen your customer relationships and gain revenue by publishing your catalog information inside your customers Purchasing and Payable Application.
- Have catalogs maintained by OpsTechnology for all your customers in the Community.
- Display different pricing for each of your customers that are part of the Community.
- Generate immediate purchase order and invoice process savings.
- Gain visibility into per-property online sales for each client property.
- Have one system that integrates into all your customers' payables and purchasing solutions with whom you transact through OpsTechnology - and a single point of contact for all of your integration and application-related issues.
- Receive payment faster and guaranteed invoice delivery to your customers' payables system.
- Achieve all of the above through our 24/7-available, on-demand, simple-to-use website.

FEES:

With a subscription to the OpsTechnology Supplier Community you will receive all of the features listed above as well as basic support from the OpsTechnology client service team. The set up process includes one time charge for catalog set up and ongoing charges based on your invoice volume through the Community.
